Diver S4

Military Standard Waterproof Protective Case for Galaxy S4

User Guide

Introduction

DiverS4 is a well-made, IP68 approved waterproof case, that can be submerged into water up to 2 meters in depth for around 30 minutes. Its lightweight full body design will protect your handset while you swim or splash around in the pool and it looks amazing too. While keeping the elements at bay, DiverS4 also helps defend against accidental drops and scratches thanks to its hard plastic corners, specially ribbed interior and an in-built screen protector. With the DiverS4 you can talk, text, surf the web, take pictures, and record movies all in the case, even underwater! Included is a specially designed waterproof headphone jack for convenience.

Packaging Contents

- DiverS4 Case for Samsung Galaxy S4

- Specially designed waterproof headphone jack included
- Designed for Samsung Galaxy S4, the case provides easy access to all the smartphone's ports, buttons and Cameras

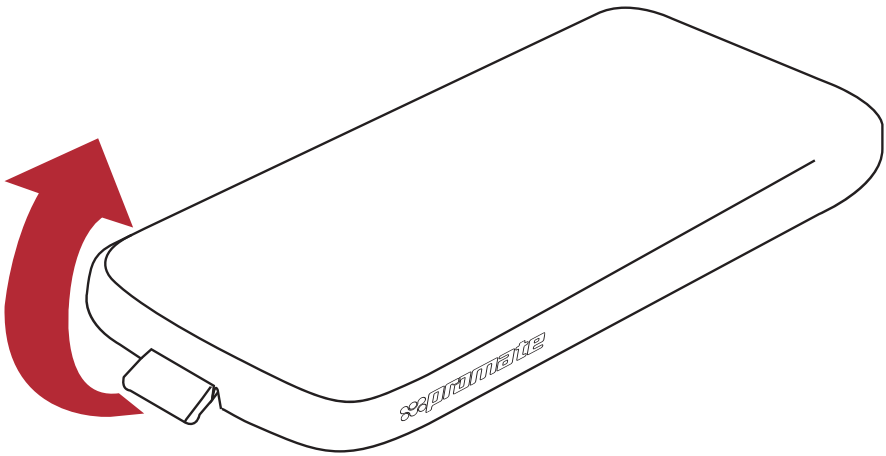
Compatibility

This case is designed to be used only with Samsung Galaxy S4, please do not attempt to use this product with any other device.

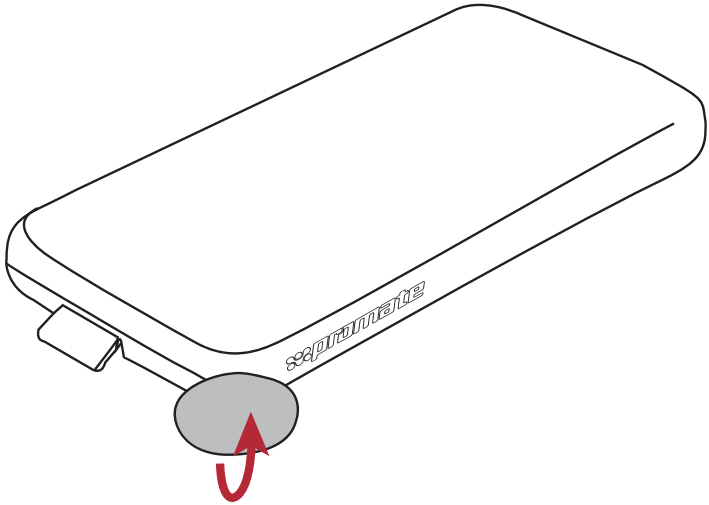
Pre-installation Instructions

Kindly test DiverS4 water-proof function prior to installing your Samsung Galaxy S4 within the case to ensure the case is not damaged or sealed improperly. Follow the below instructions to test DiverS4 ：

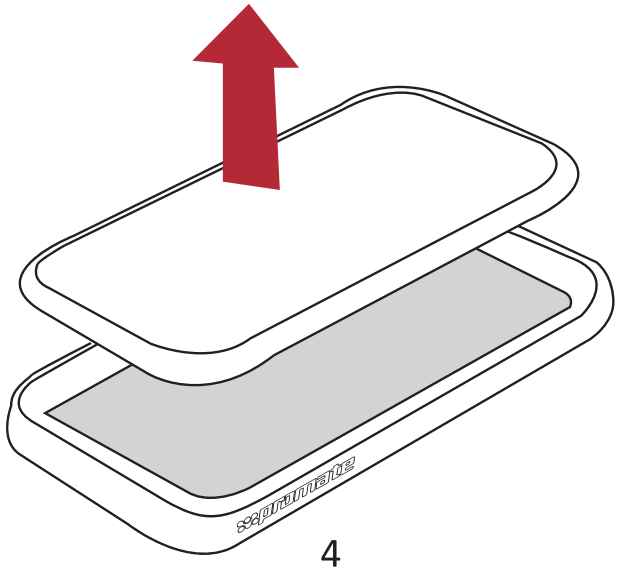
Step 01 Open charge port door.



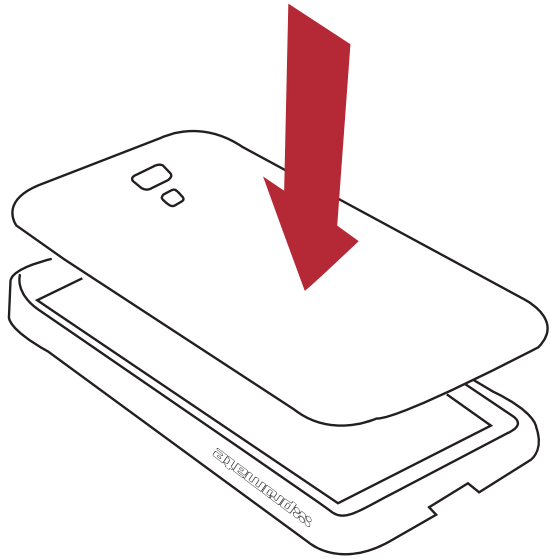
Step 02 Twist open the secure locks on the case using a coin.



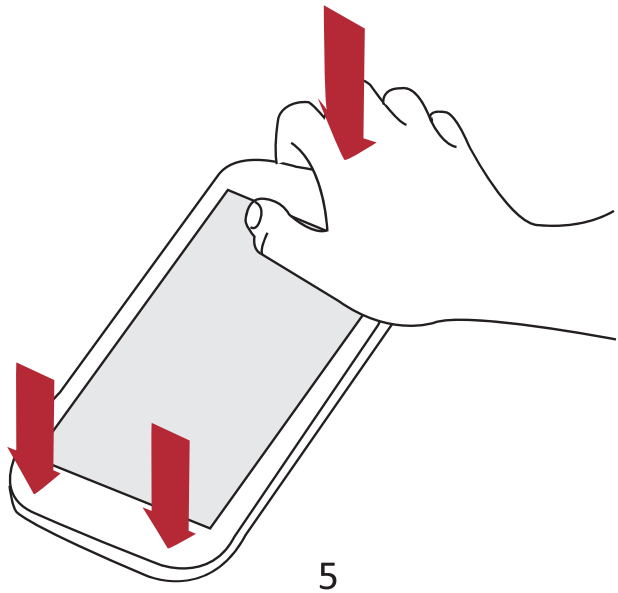
Step 03 Pull open the rear case.



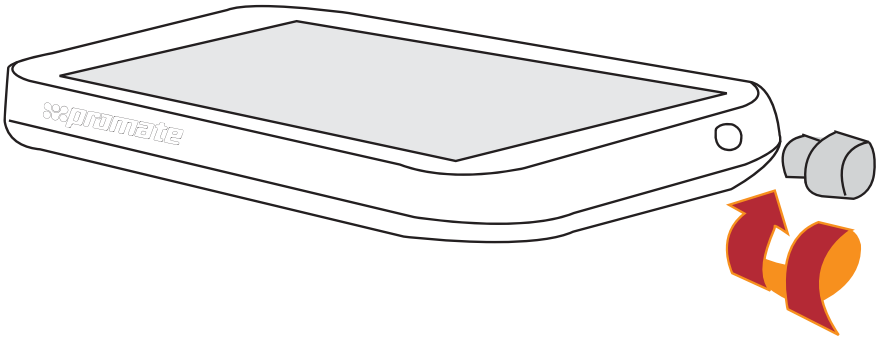
Step 04 Align the front and rear portion of the case.



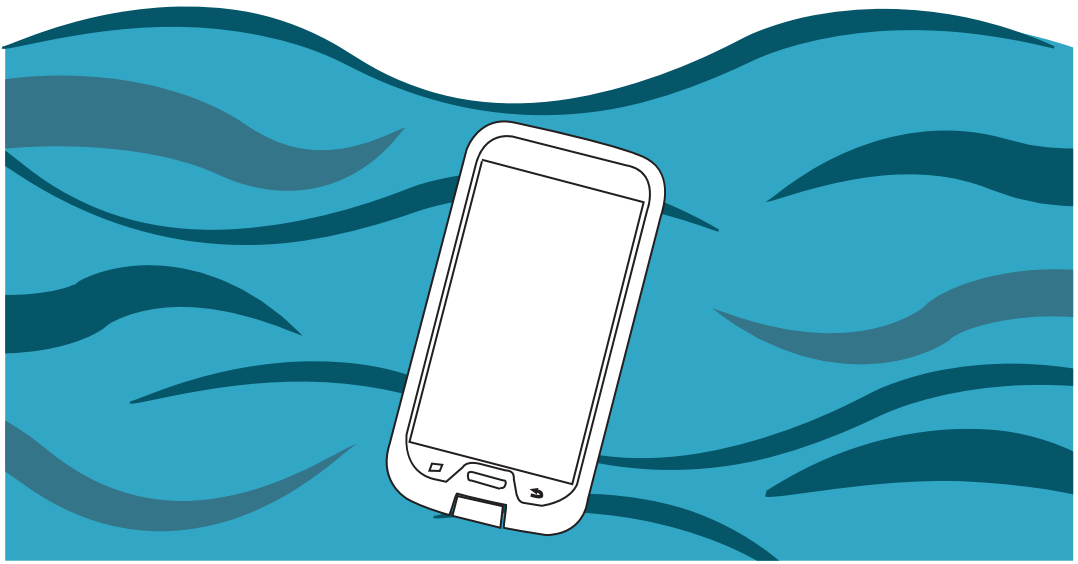
Step 05 Press firmly to ensure the case is completely sealed.



Step 06 Close the charge port door and screw on the headphone jack cover tightly



Step 07 Submerge the case in not more than 2m depth of water for a maximum of 30 minutes.

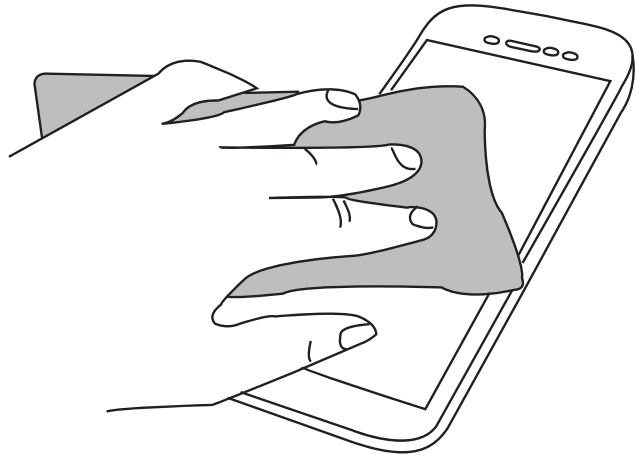


Step 08 After 30 minutes take the case out from the water and open it to check whether it is dry inside. If the case is dry inside it is free from any damage or defects and is ready to protect your Galaxy S4.

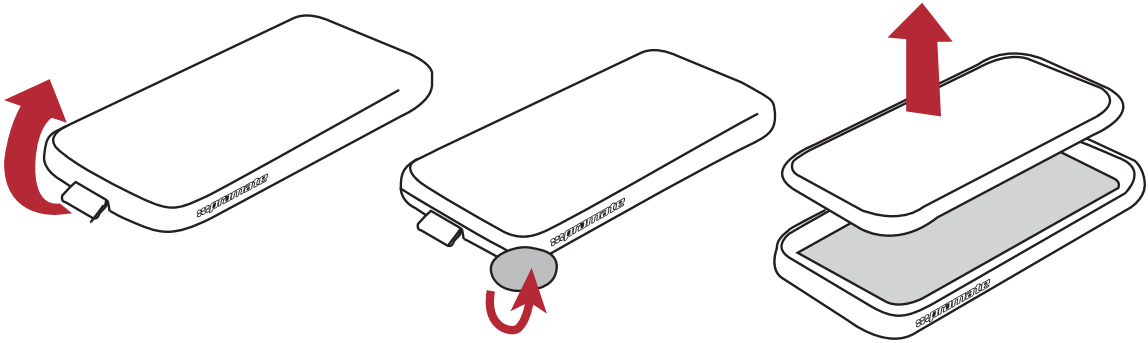
Continue with the installation of your Samsung Galaxy S4 only after the case is wiped clean of any moisture.

Installation Instructions

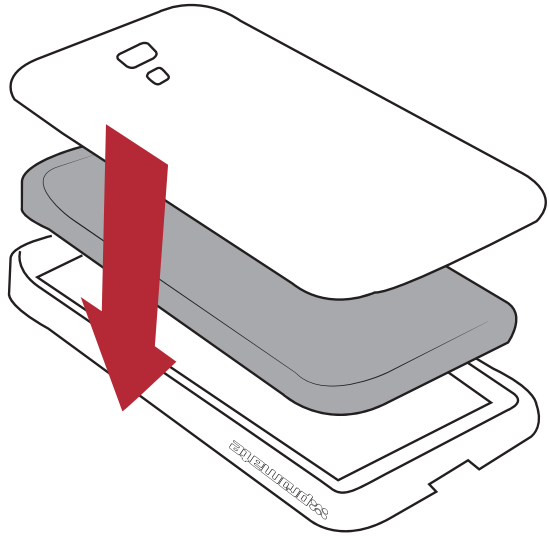
Step 01 Thoroughly clean your Galaxy S4 with the provided cleaning cloth.



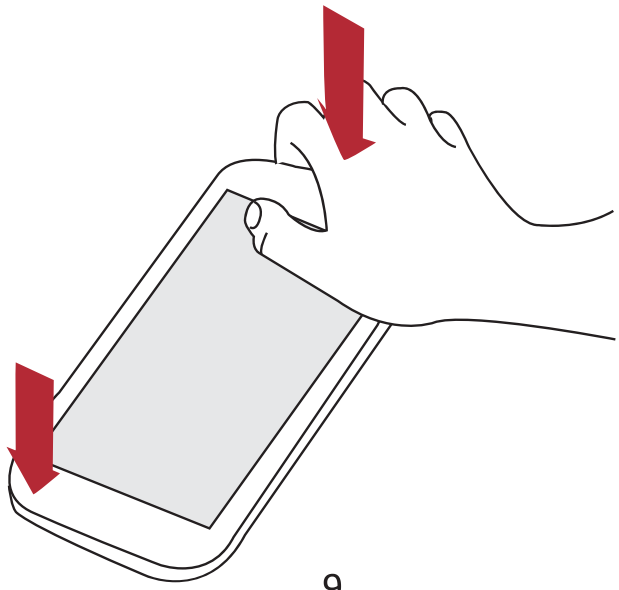
Step 02 Follow Step1 to Step 3 in the pre-installation instructions to dismantle the case and prepare it to install your Samsung Galaxy S4 within it.



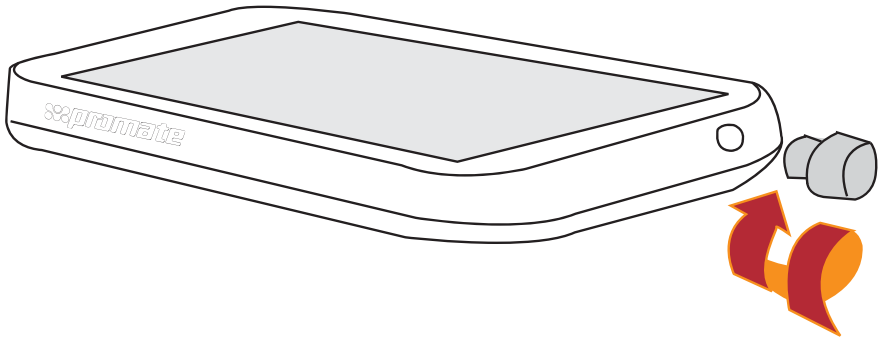
Step 03 Place your Samsung Galaxy S4 in the case and align the front and rear portion of the case.



Step 04 Press firmly to ensure the case is completely sealed.

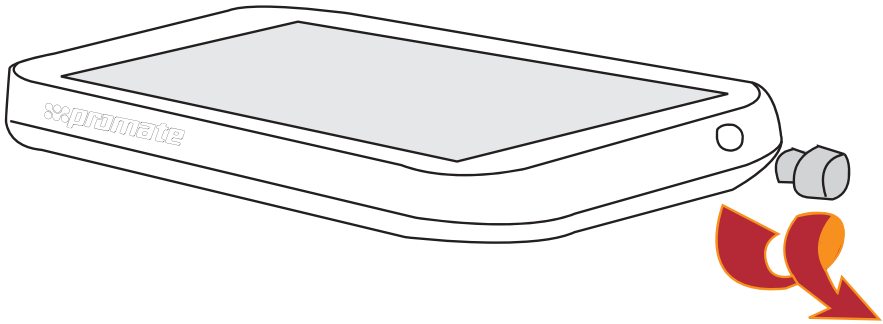


Step 05 Close the charge port door and screw on the headphone jack cover tightly

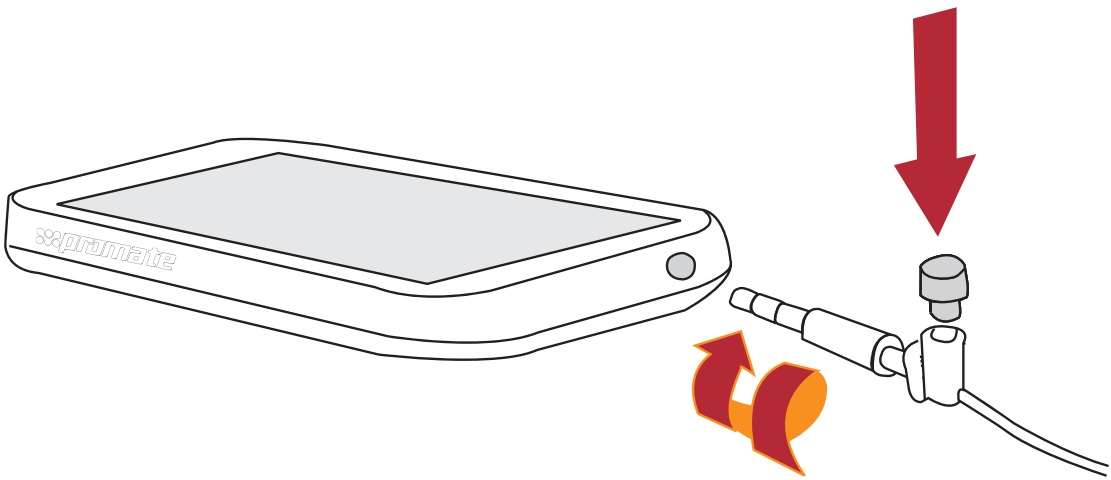


Headphone Jack Installation Instructions:

Step 01 Remove the headphone jack cover



Step 02 Screw in the Waterproof Headphone Jack



Step 03 Plug in your headphones into the waterproof headphone jack
